PERKINS CONFERENCE CENTER

Registration Desk
DEAR PARTICIPANTS,

As Director of the Kentucky Educational Collaborative for State Agency Children, it is my sincere pleasure to welcome you to the 14th annual Alternative Strategies for Educating Students At-Risk Conference!

Our community partners, including the Kentucky Departments of Education; Juvenile Justice; Behavioral Health, Developmental and Intellectual Disabilities; and Community Based Services in collaboration with school district personnel and other local educational leaders are pleased to join me in this welcome.

Alternative educators from across the Commonwealth are coming together on the campus of Eastern Kentucky University to address educational services for our most at-risk student populations. Through our collaborative efforts, our children are receiving much attention from our state and local policy makers. Your participation in this conference illustrates the value our teachers and administrators, who have chosen a life of service to our kids, have placed on this important population. We continue to commend you for your dedication and service while encouraging you to continue working for the welfare of our students.

We would also like to take this opportunity to thank the state agencies and their leadership who provide care for our students. This year we are fortunate to be joined by the commissioners of two vital agencies who collaborate to do this important work. Their participation in this conference highlights the value they place on all of Kentucky’s children. Special thanks to:

Commissioner Teresa James, Department for Community Based Services
Commissioner Bob Hayter, Department of Juvenile Justice

Our conference agenda is packed with exciting opportunities and has attracted participants from every facet of our students’ lives, as well as phenomenal speakers including Dr. Diane Heacox and Dr. Debra Peppers, both of whom will share their experience and philosophy on educating at-risk students. Speakers representing alternative education agencies, government policy makers, as well as academic scholars and researchers will present and discuss the current topics in alternative education, focusing on strategies, experiences and techniques for positive development.

This conference is an excellent opportunity for you to meet with other educators, share your experience in working with at-risk youth, and create an opportunity for networking, collaborating, sharing of technical information, and building trusting relationships. As always, we extend a warm welcome to all of our colleagues who share our interest in providing a quality, equitable education for all of Kentucky’s children.

KECSAC would like to thank the conference planning committee, whose participants contributed their time and great ideas to make this conference possible! The Committee was composed of representatives from:

Kentucky Department of Education       KECSAC Funded Programs
Kentucky Department of Juvenile Justice  KECSAC Central Office Staff
Kentucky Department for Behavioral Health, Developmental and Intellectual Disabilities

I look forward to meeting you during the conference and hope you will take a few moments to introduce yourself to those who are equally committed to our at-risk student population in Kentucky.

Sincerely,

Dr. Ronnie Nolan, Director

THINGS TO REMEMBER

- Don’t miss the College Info Road Show from the Kentucky Higher Education Assistance Authority! The mobile classroom will be available in the parking lot during the concurrent session times on Thursday and KHEAA staff will be on hand to tell you how this resource can help your students get ready for the next step in their educational journey.

- This year’s conference has two specific tracks of sessions. Throughout the conference there will be sessions related to Differentiated Instruction, and Behavioral Health & Trauma Informed Care, areas of great importance in working with at-risk students.

- In order to best meet your training needs, we ask that you fill out your breakout evaluation forms at the end of each session and overall evaluation following the conference before you leave. Overall evaluation forms are in the bag you received; please bring it with you on day two of the conference and turn it in to conference staff or in the registration area after the last keynote speaker.

- Breakfast and lunch options will be provided each day. Please note that if you have food allergies or any specific dietary needs, Richmond has many dining options near the conference center. Meals will be catered, and we may not be able to ensure that the food does not contain gluten, MSG or other ingredients to which you may be allergic.

- Certificates will be handed out at the end of the conference at the registration table in the lobby. All workshops and general sessions are eligible for Effective Instructional Leadership Act credits granted by the Kentucky Department of Education.

- As part of an effort to be environmentally conscious, handouts and materials for breakout sessions will be posted on the KECSAC website (www.kecsac.eku.edu).

New Educators’ Training
August 28, 2015
Perkins Conference Center
Richmond, KY

Join us to learn what it means to work with state agency children and network with new colleagues! This training is required for teachers and administrators new to a KECSAC program this year.
Dr. Diane Heacox is an Associate Professor of Education at St. Catherine University in St. Paul, Minnesota. She is a national and international consultant and professional development trainer to both public and private schools on a variety of topics related to teaching and learning. Dr. Heacox has taught at both elementary and secondary school levels and has served as a gifted education teacher and administrator, as well as an instructional specialist in public education.

Dr. Heacox is also the author of four books. Her first book for Free Spirit Publishers was *Up From Underachievement: How Teachers, Students and Parents Can Work Together*. Her second book, *Differentiating Instruction in the Regular Classroom: How to Reach and Teach All Learners* was updated and released in 2012. *Making Differentiation a Habit* earned the 2010 Association of Education Publishers Distinguished Achievement Award. Her newest book co-authored with Richard Cash, *Differentiation for Gifted Learners: Going Beyond the Basics* was released in fall of 2013. Her books have been translated into Dutch, Hungarian, Korean, and Portuguese. Her Differentiation Classroom Practices Inventory was used by the Ministry of Education in Portugal for conducting a national survey of classroom practices.

Dr. Heacox serves on the Board of Directors of the Minnesota Association of Supervision and Curriculum Development (MN ASCD) and the Minnesota Department of Education Gifted Education Advisory Board. She is the past chair for the Middle Level Network and the Education Committee for National Association for Gifted Children and the current facilitator of the Higher Education Division for international ASCD. She has also served on the Smarter Balanced Advisory Panel for Assessment of the Common Core.

Dr. Heacox was recognized by the Minnesota Educators of Gifted and Talented as the 2010 Friend of the Gifted for service to gifted education. She is also in the University of St. Thomas Educators Hall of Fame for contributions to the field of education.

Dr. Debra Peppers

A professional speaker in business, education and health care for the past 25 years, Dr. Debra Peppers was one of five teachers inducted into the National Teachers Hall of Fame upon retirement from teaching high school in St. Louis, Mo. Featured on radio and television nationally, she has been a guest speaker at the Kennedy Center, CNN, The National Press Club, and the Crystal Cathedral. Among her honors is the Emmy award winning teen-issues play *CHOICES*, as well as outstanding alumni at Webster University, where she has been on the adjunct faculty for over ten years. For three years Dr. Peppers has hosted a weekly TV Program, *The Outreach Connection*, and is a weekly columnist for a St. Louis newspaper. As a presenter and journalist, Debra has interviewed numerous guests and celebrities including the President of the United States. A member of the National Speakers Association, Dr. Peppers and her husband have traveled to all states and 60 countries. As an author, Debra is published in 15 books where she often shares her own story of a 100-pound weight loss and “Troubled Teen to Teacher of the Year.” Honors include St. Louis Hometown Hero, World of Difference Award, Excellence in Education, and the National Community Relations Award. For ten years Debra hosted a daily three hour radio talk show called *Shakin’ the Salt with Dr. Peppers*.

FEATURED SESSION

Current Drug Trends with Officer Adam Argullin

Adam Argullin is an experienced narcotics and DARE officer and phenomenal trainer who will provide you with the information you need to spot the signs of substance abuse.
SESSIONS

Wednesday 10:45 - 12:00

Quad A
Differentiated Instruction
Differentiation expert and keynote speaker, Dr. Diane Heacox, will present a more in-depth session to provide concrete strategies to use in every classroom with multi-level/multi-ability students. 
*Presented by Dr. Diane Heacox, Keynote Speaker*

Quad B
Meeting the Needs of Kentucky’s Children and their Families…We are All in this Together.
Join Teresa James, Commissioner of the Kentucky Department for Community Based Services, for a discussion of the importance of collaboration and how educators can work with DCBS to provide the highest quality of care for Kentucky’s State Agency Children. 
*Presented by Commissioner Teresa James, Department for Community Based Services*

Quad C
My Life After “The System”
Logan Collins won the Outstanding Student Of the Year award in 2011 at this very conference and made a tremendous impression on the educators who witnessed him shake the Kentucky First Lady’s hand and speak about his life in state care. Join him during this session to find out where his journey has taken him since then and how his past has informed his present and his work to improve the lives of youth. 
*Presented by Logan Collins*

Quad D
Strategies to Support Students who have RAD & RAD-like Symptoms
This session will address the causes of Reactive Attachment Disorder and identify the behavioral and academic characteristics. Learn strategies for de-escalating students, proactively addressing behavior, and teaching self-monitoring skills. 
*Presented by Dr. Dusty Embury & Dr. Laura Clarke, Eastern Kentucky University*

Room 211
Aurasma (Augmented Reality)
Augmented reality platforms help to innovate and build engaging high-tech methods to bring lessons to life. Through Auras, magazines and still pictures come to life with videos. Teachers can create Auras to add engaging digital information to printed materials in their classrooms. Educators can use the free Aurasma mobile app to unlock Auras and share the experience with students. Steps of engagement will include teaching step by step how to create auras and use Aurasma in and out of the classroom to provoke learning, inform parents, and enhance our interaction with the world. 
*Presented by Patrice Nyatuame & Michael Hefling, KY Department of Education*

Room 221
Meet the New KECSAC Program Improvement Tool!
KECSAC staff has worked diligently over the last few months to redesign the Program Improvement Tool to align with the Kentucky Department of Education AdvancEd Standards for school improvement. Join us to learn about the new and improved tool and how it is specifically designed to work with state agency children programs. 
*Presented by Russell Behanan, Roy Chapman & Lue Cole, KECSAC Program Improvement Specialists*

Wednesday 1:15 - 2:30

Quad A
Inspired Teaching...For All Learners!
Join David Sullivan as he models how he uses innovative strategies for student engagement in his classroom. Take back tips, tricks and techniques that we can all use to create a fun and successful learning environment. 
*Presented by David Sullivan, Mercer County Day Treatment*

Quad B
Intervention Plans for Building Resiliency
This session will focus on strategies used by the counseling team at a KDE Program of Distinction to build resiliency and reach academic and behavioral success using targeted interventions. Come and learn how to incorporate these plans in your own program! 
*Presented by Amy Risley, Bullitt Alternative Center*

Quad C
Animal Tales - Reptile Scales & Tails!
*Note - This session will involve live animals. The staff of Animal Tales will present one of their many exciting educational programs designed to educate and entertain your students. For centuries, reptiles have intrigued and horrified people often due to simple misunderstanding. Animal Tales attempts to reverse these misunderstandings by bringing live reptile ambassadors to your location. The Reptile Scales & Tails program features 5-6 live animals including a large*
tortoise, lizards and of course snakes. Participants will be asked to interact with the animals through question & answer, audience participation and “hands-on” volunteering. Everyone will have the opportunity to find out if snakes are really slimy!

*Presented by Adam Brasher, Animal Tales, LLC.*

**Quad D**

**Apps to Increase Active Student Engagement of Students with EBD, ADHD, & other Disabilities**

Find out how free apps and technology resources can help you engage your students who are dealing with various disability diagnoses. Getting your students interested in learning could be just a few clicks away!

*Presented by Dr. Dusty Embury & Dr. Laura Clarke, Eastern Kentucky University College of Education*

**Room 211**

**Journey to the Summit: How Blended Learning using Technology & the Internet is Changing Woodsbend School**

Woodsbend school, a DJJ Youth Development Center, transitioned to an online school by becoming a pilot site with the Center for Educational Excellence in Alternative Settings and the Unjammed Tech Camp. Join staff to learn how they are using technology to become “connected” and enrich their classroom experiences. The presentation will even be presented in part by staff remotely to show just how useful technology can be!

*Presented by Stephen McKenzie, Lillian Allen & April Young, Woodsbend School, Morgan County Schools*

**Room 221**

**Collaboration in a Blended Program of Distinction**

The Transformational Learning Center at the Children’s Home of Northern Kentucky is a unique example of a blended educational program that works hand in hand with a children’s home to provide the highest quality of care and education to students. Join them to find out how this collaborative relationship is nurtured and how their students remain on track to graduation by gaining core content credits and treatment.

*Presented by Tony Perkins & Lorie Duffy, Transformational Learning Center, Covington Independent Schools*

**Wednesday 2:45 - 4:00**

**Featured Session**

**Quad A-D**

**Current Drug Trends**

This session, provided by an experienced narcotics and DARE officer, will teach the attendees to spot the new substances of abuse in the drug culture. Also discussed will be clothing, street terms, paraphernalia, and synthetic substances.

*Presented by Adam Argullin, Florence Police Department*

---

**Thursday 9:00 - 10:15**

**Quad A**

**Classroom Differentiation: In Teaching, One Size Does Not Fit All**

Today’s schools serve children from a variety of families and backgrounds, with a variety of learning strengths and needs. Differentiated instruction is a flexible and individual approach to instruction. When a teacher reaches out to an individual or small group and varies her teaching to create the best learning experience possible, that teacher is differentiating instruction. It’s not easy, but it is critical for success.

*Presented by Lestisha Broadus, Maryhurst Academy, Jefferson County State Agency Schools*

---

**Quad B**

**The ILP and Student Engagement: Making Learning Relevant**

Come and see parts of the Individualized Learning Plan (ILP) tool that you may never have known existed! Each participant will be able to have a hands on experience with the ILP using a training account. Participants will have the opportunity to explore features of the ILP tool and to develop an understanding about how these features can help improve student engagement with relevancy. Bring your laptop, iPad or tablet!

*Presented by Jennifer Smith, KY Department of Education*

---

**Quad C**

**Concrete Algebra: Using Algebra Tiles in Your Classroom**

This session will explore the use of algebra tiles—a manipulative that can be used to teach about integer operations, simplifying expressions, solving linear equations and more. Participants will leave with knowledge about the use of algebra tiles and how to effectively incorporate them into their class setting, providing a more visual and conceptual understanding of algebra to their students.

*Presented by Mark Helton, Central KY Educational Cooperative*
Quad D
Trauma-Informed Care Basics for School Staff
Participants will learn definitions, prevalence, and effects of trauma, will learn about the ACE (Adverse Childhood Experiences) Study, and will be presented with specific strategies for use in making schools more trauma-informed.
*Presented by Diane Gruen-Kidd, Department for Behavioral Health, Developmental & Intellectual Disabilities*

Room 211
KECSAC DJJ Residential Funding Meeting
This meeting will be for administrators working in DJJ residential programs who will be impacted by future changes in how those programs are funded. KECSAC and district staff will work together to find solutions and ensure equity among State Agency Programs.
*Presented by Dr. Ronnie Nolan, KECSAC Director*

Perkins Conference Center Parking Lot
KHEAA College Info Road Show
Visiting middle schools, high schools, adult education centers, public libraries and other sites, KHEAA's mobile classroom provides a host of critical services directly to students and families in their own communities. Equipped with satellite internet access, laptop computers, an instructor's podium and screen and an outdoor projection unit, the Road Show uses state-of-the art technology to connect students with the information they need to research, pursue and succeed in their educational future beyond high school. Join us outside to find out how to get the bus to visit your program!
*Presented by David Scott & Steven Held, KY Higher Education Assistance Authority*

**Thursday 10:30 - 11:45**

Quad A
Using iPad Apps for English...the Safe Way!
This session will focus not only on the many incredible apps you can incorporate into your classroom to enhance student engagement, but will cover safety and restriction information so that these resources can be used responsibly in any program!
*Presented by Noah Glass, Maryhurst Academy, Jefferson County State Agency Schools*

Quad B
Differentiation in Literacy: Effective Strategies for ALL Students
Differentiated Instruction is a highly effective teaching practice that can easily be implemented across the curriculum. We will provide an overview of differentiation and discuss its importance in literacy instruction. Furthermore, we will offer a variety of differentiated instructional strategies and activities that can be used in the classroom to help students of all ability levels and backgrounds. You will leave this session with some hands-on strategies you could incorporate into your classrooms tomorrow.
*Presented by Lori Shephard & Pamela Wininger, KY Department of Education*

Quad C
Using Data to Increase Student Achievement Academically and Behaviorally
Participants will learn how to use a data system to drive instruction and behaviors. The intake process will be explained on how it gives us information to place students in proper classes for response to intervention. Explanation of interventions used and how to monitor data regularly to make changes for students will be explained. Use of data to conduct professional learning communities to increase student achievement and teacher collaboration to work together to meet student needs will be discussed. If you like data then this is a must see session.
*Presented by Angela Bibelhauser, Bullitt Alternative Center*

Quad D
Behavioral Health Challenges and School-Based Screening
In this workshop, we will review some of the most common behavioral health challenges and signs school staff may observe, as well as introduce participants to the School-Based Behavioral Health Screening Initiative being implemented in districts across the state.
*Presented by Diane Gruen-Kidd, Department for Behavioral Health, Developmental & Intellectual Disabilities*

Room 211
The KECSAC Tab in Infinite Campus: How it can Help us All!
The KECSAC data entry tab in IC is intended to aid in the transition of students to and from State Agency Programs. Join KDE for this session and learn how to use this resource to ensure that your students' records and KECSAC student data is accurate. Utilizing the KECSAC tab properly will save everyone time and insure data used by KECSAC and KDE is correct and current.

Thursday 12:45 - 2:00

Quad A
It's What You Say And How You Say It!
The number one most “costly” error in education, business and even family, is miscommunication. Dr. Peppers presents proven strategies all can learn to make the classroom, workplace and even the home more peaceful and productive. Because people process and impart information in different ways, we can learn tools to make life easier on everybody. Dr. Peppers shows how to create rapport, nip conflict in the bud, deal effectively with different personality types, and model body language in a way that connects more profoundly with others. The benefit is gaining more confidence, being heard and understood, and ultimately creating a more peaceful environment.
Presented by Dr. Debra Peppers, Keynote Speaker

Quad B
Differentiation in Mathematics: Effective Strategies for ALL Students
Differentiated Instruction is a highly effective teaching practice that can easily be implemented across the curriculum. We will provide an overview of differentiation and discuss its importance in mathematics instruction. Furthermore, we will offer a variety of differentiated instructional strategies and activities that can be used in the classroom to help students of all ability levels and backgrounds. You will leave this session with some hands-on strategies you could incorporate into your classrooms tomorrow.
Presented by Pamela Pickens & Amanda Waldroup, KY Department of Education

Quad C
The State Agency PLC Journey
During this session participants will explore how to create effective Professional Learning Communities within various State Agency Schools. The session will focus specifically on the creation of PLC rituals and routines, curriculum boards, congruent lessons, and common assessments.
Presented by Carrie Elzy, Jefferson County State Agency Schools

Quad D
It Takes a Village...
Getting your community involved with your facility can have numerous benefits for your students. Ideas of how to involve the community and an opportunity to share what you are doing will be the topics of discussion.
Presented by Peggy Shearer, Otter Creek Academy, Wayne County Schools

Room 211
KECSAC School Administrator Sharing Session
The current president and president-elect of the State Agency Children School Administrators Association (SACSAA) will host a sharing session. School administrators will be given the opportunity to gather and discuss what is going on in their programs and their ideas for collaboration.
